

# How to verify your student status

1. Sign in to Imagine.Microsoft.com, select your account in the top right hand corner and choose Imagine Account from the drop-down menu.

2. If you are asked to enter any account information, enter the required profile information and select I accept to continue.

Hello, susan

Make sure your account is accurate and up to date.

A screenshot of the 'Your info' account update page. The title is 'Your info' with a note '\*Indicates required information'. There are two buttons: 'I accept' (highlighted with a red '2' callout) and 'Cancel'. Below the buttons, a link says 'To update your info, visit Microsoft Account settings'. The form fields are: 'First name' (susan), 'Last name' (ibach), 'Country or Region' (Canada), 'State' (empty field), 'Imagine Compete Country' (Canada, highlighted with a red '1' callout), and 'Email' (empty field).

3. When you get to your account page, on the right-hand pane, select **Please verify your student status**

# Hello, susan

Select one of the presented options and enter the required information to verify your student status:

- School email address** – enter your school email address, if your school is signed up for Imagine and has registered their domain, this will verify your student status.
- School login with Shibboleth** – enter your school account, if your school is signed up for Imagine and has set up single sign-on using Shibboleth, then your school account verifies your student status.
- International Student Identity Card** – If your school is not registered with Imagine, you can prove your student status by getting an [ISIC](#) card. You can enter your ISIC Card information to verify your student status.
- Microsoft Imagine Verification Code** – If you are working with someone from Microsoft, if you present them with your student id they may be able to provide you a Microsoft Imagine Verification code which verifies your student status.
- Upload my school enrollment document** – If none of the other options are available to you, in available markets, you can provide a document such as a dated student ID card, current progress report, or acceptance letter to your school to prove you are a student. This allows us to verify your student status manually. Due to the manual document verification, it will take 3-5 days before your account is verified.

# Student Verification

## Verify your student status

Verified students get full access to all our software and services at no cost. You can re-verify your status every year as long as you're a student. See [benefits](#) for more information.

1

How you would like to verify your student status?

School email address

School login with Shibboleth

International Student Identity Card (ISIC)

Microsoft Imagine Verification Code

Upload my school enrollment document

- If you used an instant verification method such as School email address or Microsoft Imagine Verification code, you will be verified and you will see the message **“You’re verified and ready to go. Thank you.”**

## Congrats

You're verified and ready to go. Thank you.
